advice to post on project website official project document templates in the section *Downloads*.

ACTION 1: Enhance project website in accordance with proposed improvements.

After the discussion about improvements of website structure, the partners agreed that text for website content must be prepared as soon as possible.

ACTION 2: Partner institutions should prepare texts for website content ASAP.

As visibility of the project is very important, the participants of the meeting decided to make some changes at project logo. New project logo has been adopted.

ACTION 3: All project official document templates should be updated with new project logo:

At the end of meeting, the participants talked about current situation in the field of cloud computing at Montenegro.

ACTION 3: Because of importance and growing popularity of cloud computing in Montenegro, special attention should be given to the analysis of official state documents in this field, and that documents should be posted at project website in the section
